## COSMIC CLEAN (with bleach)

*Cosmic Clean* is a robust solution able to break down soap scum, clean tough stains and conquer greasy soils. A blend of foamy biodegradable surfactants attack the greasiest soils while bleach sanitizes surfaces. This product is safe to use on most hard non-porous surfaces. An exclusive note of fresh aromas will accompany you as you clean.

*Cosmic Clean* is a non-abrasive cleaner well-suited for kitchens (including food-contact surfaces) and bathrooms.

### DIRECTIONS

Always spot test in an inconspicuous area for compatibility.

**Cleaning and Sanitizing:** Dilute *Cosmic Clean* 1:50 and apply onto the soiled surface. Wipe clean after 1 minute of stand time.

For tougher jobs, *Cosmic Clean* can be applied directly. Allow to stand for 5 minutes before wiping clean.

### CAUTIONS

Contains bleach. Do not mix with other products. Solution can cause eye and respiratory irritation so use in well ventilated areas. Avoid contact with fabrics, carpet, wood rubber and vinyl surfaces as they can discolour.
