

S753

TECHNICAL DATA SHEET

MURIATIC ACID

This product is an inhibited highly concentrated acid used to remove rust, hardwater scale and other accumulations from water cooled equipment, water jackets, heat exchangers and heating coils.

DIRECTIONS: Flush with water. Add 1 part of product to 2 parts warm water. Allow this solution to circulate until scale is removed, usually 30 minutes to 2 hours, depending upon the type and amount of scale. In extreme cases it may be necessary to change the solution and recirculate. Flush with water for 5 minutes.

DANGER: EXTREMELY CORROSIVE; contains hydrochloric acid.
