INK OUT

Ink Out is a highly effective and environmentally friendly solution designed to safely and effortlessly remove ink stains from all fabrics. Formulated with 100% biodegradable ingredients, and utilizing a blend of naturally derived solvents, it is effective on most types of inks and adhesives.

DIRECTIONS: Apply directly to the stain to be treated, ensuring affected area is fully covered. Work the product into the stain and allow several minutes for ink out to break down the stain. Blot from outside in to prevent spreading, and launder the fabric as usual. For stubborn stains repeat process as necessary.

CAUTIONS: Spot test Ink Out in an inconspicuous area to ensure colour fastness.
